

#10 Waldo Blvd. Corridor *from I-43 to Rapids Road*

Manitowoc is fortunate to have 2 exits off I-43 that are very close to the city limits. The 151/Calumet Avenue exit is already being utilized, but the Waldo Blvd. one is not.

My goal between now and 2022 is to push the city limits toward this exit. Once Waldo Blvd. is reconstructed we'll have an excellent opportunity to showcase our community by making this another prime exit for people to take to get into our community.

I don't envision the land around the exit being heavy on retail/restaurant. Rather, commercial, business, health care, banking, or corporate headquarters.
